Addendum to
the 2007 Annual Operating Instructions for the Smith Mountain and
Surdam on/off S&G Allotments dated May 8, 2007,
and
the 2007 Annual Operating Instructions for the Boulder Creek, Price Valley,
and Curren Hill Sheep Allotments, New Meadows Ranger District,
Payette National Forest dated May 10, 2007

Introduction

This Addendum supercedes the addendum submitted to the U.S. District Court, District

Authorization to graze sheep and to truck sheep

For the 2007 grazing season only, the USFS, Shirts Brothers Sheep, and Frank Shirts, Jr.
agree to non-use of the Salmon River Driveway. Instead, the USFS authorizes Shirts Brothers
Sheep and Frank Shirts, Jr. to graze their sheep on their currently authorized Forest Service
grazing allotments until October 10, 2007, with the intent and expectation that Shirts Brothers
Sheep and Frank Shirts, Jr. will truck their sheep from the Lick Creek/Railroad Saddle area some
time between October 8-10, 2007, to their respective fall grazing lands.

Shirts Brothers Sheep, and Frank Shirts, Jr. agree to this Addendum due to an
independent third party agreeing to help pay the cost to truck their sheep to their fall grazing
lands, as opposed to using the Salmon River Driveway. This payment is a one-time event, and by
no means committed such independent third party or Shirts Brothers Sheep/Frank Shirts, Jr. into
the future to make any similar agreement.

Reservation of Rights

Shirts Brothers Sheep and Frank Shirts, Jr. agree to this Addendum for the 2007 grazing
season only and without prejudice to their pending administrative appeals, any pending Federal
Court action, and any future continued right/entitlement to use the Salmon River Driveway.

Acceptance and Approval
